Re: Bullock Residence

To Whom It May Concern,

In working very closely with Jeffrey Maddox for my personal home renovation I will gladly attest to his professionalism and accuracy on the job.

Getting the required permitting and adhering to FEMA guidelines was quite a challenge, but Mr. Maddox, although presented with many hurdles, did an outstanding job in securing all necessary permitting while remaining within my itemized budget.

His impeccable attention to detail and utmost personal involvement on the job was greatly appreciated. Mr. Maddox also gave me many good suggestions and advice for changes during the construction process without deviating too far from my desires.

I am very pleased with his work and anyone fortunate enough to contract with Maddox Construction Company for a building project will be impressed with this company's professional integrity, morals and business ethics

Sincerely,

Curtis Bullock

Dear Jeff,

Thank you for the construction of our new outdoor pool enclosure, outdoor kitchen, fireplace and pool bath.

I know this was a tight schedule (9 weeks) but I have to say that in addition to completing this project on time (up until the day of my party) and having your crews still here for touch-ups and final cleaning, you also proved that quality and attention to detail are apparent in the work that was done. I would highly recommend your company's expertise to anyone.

Thank you very much for a job well done!

Sincerely,
